Group Menu and Information

Thank you for considering the Smith-Byrd House for your group event. Below you will find our menu list for groups. In order for you to have the best experience here, we ask that you please **choose one** of the menu items from the list below to be served to your entire group. This ensures that everyone is served in a timely fashion. You may choose 2-3 flavors of tea for your group, one of which can be served iced. If you are unsure of flavors, we will be happy to assist you with some tried and true favorites.

It is the policy of the Smith-Byrd House to leave the gratuity up to our guests, even for groups. However, some groups want to know what the total per person will be including tax and gratuity. For your convenience we have included all of that information with each menu item. You can choose which amount to tell your group members as you plan your event. We do allow individual checks for your group, but many find it easier to collect the money in advance and pay with one check. Paying with one check also saves time for your group as we can only transact one check at a time.
